FIXING CLAMPS

Epoxy-coated metal - Clamps supplied with ABS screw-on knobs for desktop screens - White knobs with SO/SA clamps, and Graphite grey knobs with SC/SG clamps.
Compatible with worktops of thickness 19 to 30 mm. For sliding worktops, contact us.

Frontal attachment

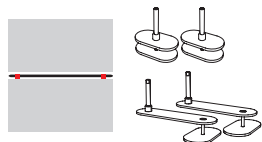

For individual desks - frontal attachment

Desktop screens H. 40 and 50 cm

Desktop screens H. 70 cm

6 459 140 + #2	€ 87
6 459 143 + #2	€ 75

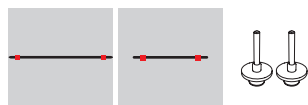

For individual desks positioned face-to-face or desks with 2 worktops on a shared bench structure - twin attachment

Desktop screens H. 40 and 50 cm - Except 4LINE

Desktop screens H. 40 and 50 cm - Only 4LINE

6 459 144 + #2	€ 64
6 459 152 + #2	€ 73

For desks with a single worktop on a shared bench structure - bolt-through attachment

Desktop screens H. 40 and 50 cm

2 options:

- Select a screen that is the same width as the worktop
- Select a screen that is 40 cm shorter than the width of the worktop

6 459 145 + #2	€ 53
----------------	------

Lateral attachment

Consider including an optional connector kit (sold individually) to strengthen the connection between individual panels.

For individual and shared bench desks - lateral attachment at desk ends.

Desktop screens H. 40 and 50 cm

6 459 141 + #2	€ 58
----------------	------

For shared bench starter/add-on desks - Attachment of desktop screens between 2 desks.

Desktop screens H. 40 and 50 cm

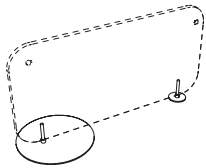

6 459 142 + #2	€ 64
----------------	------

€ 106

BLACK CONNECTOR KIT

To consolidate the connection between desktop screens, we recommend including a connector kit between frontal and lateral screens.
Allows linking of 2, 3 or 4 desktop screens thanks to screw-on knobs.

Connector kit - sold individually (also available in sets of 2 connector kits, see page 59)

6 459 168

€ 40

Options for desktop screens

RAILS

Epoxy-coated metal - Attaches to desktop screens thanks to ABS screw-on knobs at the extremities.
When a rail is attached to a lateral desktop screen, it is important to hang only lightweight accessories from it (magnetic whiteboard or pen tray only).

NOT DESIGNED TO ACCOMMODATE FLATSCREEN MONITOR ARMS

How to place your order

1) DECIDE ON THE TABLE SHAPE AND THE NUMBER OF PEOPLE

- E.g. oval/elliptical/U-shaped table, for 10, 12, 18 people, etc.

2) CHOOSE THE TYPE OF LEGS AND THE FINISH - SEE SHADE CARD BELOW

- Panel legs, metal round legs or metal tapered legs

3) CHOOSE YOUR POWER AND CABLE MANAGEMENT OPTIONS

Worktops with pre-drilled holes for optional cable ports: add cable ports, cable troughs and/or cable guides as required

- Add cable ports Ø 80 mm (see Power & Cable Management options, p. 98)

- Add cable troughs and/or cable guides (see table below)

Worktops with pre-cut openings for one-way top-access modules: cable troughs and cable guides are included

① Top-access modules to be ordered separately (see Power & Cable Management options, p. 98)

(Note: On oval and elliptical tables with panel legs, the end worktops have pre-drilled holes for optional cable ports)

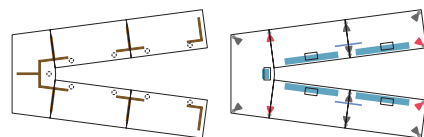

4) ADD OPTIONAL MODESTY PANEL KITS IF REQUIRED (for U-shaped, V-shaped, diamond-shaped and round tables and extensions D. 70 cm)

Each kit contains the required number of modesty panels for the table, i.e. 1 per worktop.

Melamine modesty panels (thickness 19 mm) for tables with panel legs; metal modesty panels for tables with metal legs.

Key

	Pre-drilled hole for cable port
	Pre-cut opening for top-access module
	Panel leg
	Metal leg (round or tapered)
	Possible positions for cable housings on tapered metal legs
	Cable trough
	Cable guide

Ordering guide for cable troughs and cable guides (optional for tables with pre-drilled holes for cable ports)

Choose a table, then refer to the guide below to check the compatible dimensions and number of cable troughs and/or cable guides.

(Cable troughs and cable guides are included with tables that have pre-cut openings for top-access modules.)

Horizontal cable management

CABLE TROUGHS

Cable troughs are secured on the underside of worktops (using inserts or wood screws) to hold cables and socket outlets.

Worktops with openings for top-access modules are supplied with cable troughs.

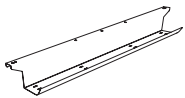

In general, select a cable trough that is 30 cm shorter than the width of the worktop.

For ROBIN and 4LINE desks, select a cable trough that is 50 cm shorter than the width of the worktop.

For desks with a structural pedestal, select a cable trough that is 70 cm shorter than the width of the worktop.

Single-compartment cable troughs

For individual desks. Secured using inserts or wood screws.
