EOL

European office furniture manufacturer

For more than 35 years, EOL has been designing and manufacturing office furniture dedicated to creating workspaces that promote employee well-being. Inspired by the elegance of French design, our furniture is functional, creative and sustainable.

EOL'S EXPERTISE SPANS THREE KEY AREAS

Design and manufacturing

Whether it's wood, metal or textiles, our teams are experts in their craft

Consulting services

Our architects and designers will work with you to create the workspace you have in mind

Logistics and delivery

Our logistics network provides an end-to-end service by stocking, delivering and installing your furniture

250+
employees

2 sites
manufacturing
our furniture
in France

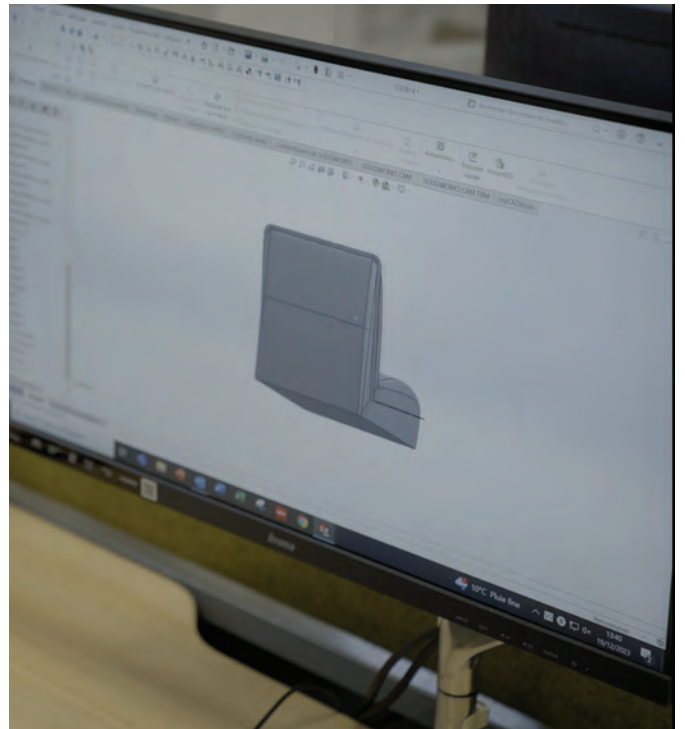

7 countries where we
can ship from stock
(FR, BENELUX, UK, IRL & CH)

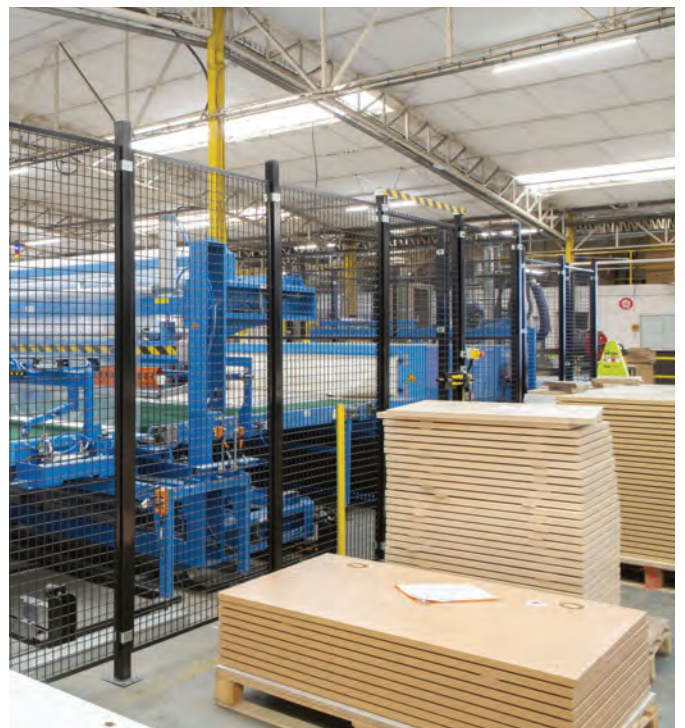

20,000 m²
of warehouse space
to stock
finished products

Top quality furniture designed and made in France

Our office furniture ranges are draw on our expertise as a French manufacturer. They are imagined by our design studio, developed by our research department and produced in our two French factories in Normandy and Burgundy.

**INSPIRED BY
THE AESTHETICS OF FRENCH
DESIGN, WE IMAGINE,
DEVELOP AND
MANUFACTURE FURNITURE
THAT IS FUNCTIONAL,
CREATIVE
AND SUSTAINABLE.**

Delivery, assembly and installation of office furniture

Thanks to state-of-the-art logistics with a central warehouse and 12 regional hubs across Europe, EOL offers fast delivery and installation times.

2 manufacturing facilities (Normandy and Burgundy)

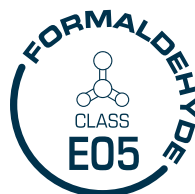

1 head office (Paris)

3 showrooms (Paris, Brussels and Nieuwegein)

12 logistics hubs (France, Europe and the UK)

Certifications, labels and standards

To guarantee the quality and sustainability of our products, our main ranges are certified under various standards, including the French *NF Environnement* and *Office Excellence* certifications, and the European EN 1335 and EN 527 standards. Our Normandy factory is ISO 14001 certified.

Our environmental commitment

At EOL, we are aware of the impact of our activities on the environment and have been committed to sustainable development for several years. We have adopted the technique of product lifecycle analysis, which allows us to assess the environmental impact of a product throughout its life, from design to end-of-life management.

The four pillars of our commitment:

- French production and local purchasing
- Using materials and components with a high level of recycled content
- Rationalising production and optimising transport flows
- Eco-friendly and eco-designed products

Average percentage of recycled materials in EOL products

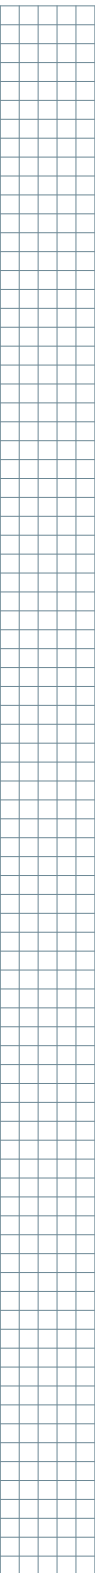

REUSE, RECYCLING & REPURPOSING

Through our RE-SOURCE initiative, we are seeking ways to integrate the principles of reuse, repurposing and recycling into our ranges.

Examples include turning production offcuts into wood panels for sofa structures, using recycled mattress foam in office partitions, and making worktops out of recycled plastics.

We also offer our customers the opportunity to reconfigure and repurpose existing office furniture, and we recover and transform used products to give them a second life.

Our commitments

Our strategy, our day-to-day choices and actions, and our products and services are underpinned by strong values that reflect our ultimate goals:

Promote the wellbeing
of employees

Guarantee the quality
and safety of our products

Put innovation
at the heart of all we do

Have a positive impact
on the world around us

Our approach

A SOLUTION FOR EVERY OFFICE ACTIVITY

All our products are designed and developed with users in mind

Our services

Global solutions for unique projects

More than ever before, companies are recognising that good workplace design equates to more effective management and better performance. EOL has been advising on office fit-outs and refurbishments for over 30 years, so is ideally placed to help you make your project a reality.

WE LISTEN TO YOUR REQUIREMENTS

Definition of project scope

Determination of your needs
and constraints

WE ANALYSE POSSIBLE SOLUTIONS

Identification of solutions that
match your needs and budget

WE MANUFACTURE AT OUR PLANTS IN FRANCE

Expert processing of wood, metal and textiles
(2 sites, in Burgundy and Normandy)

Manufacturing of standard furniture
or custom pieces

WE STOCK ITEMS FOR FAST SHIPPING

Ship-from-stock availability for our most
popular products and finishes

Real-time product availability
tracking (EOL.net)

WE SEEK INSPIRATION IN CURRENT TRENDS

Observation and analysis of current design trends, societal changes and new technologies

Consideration of your corporate image, style preferences, and work environment

WE CREATE PLANS AND LAYOUTS

Zoning and planning, incorporating circulation routes and areas for different activities

Creation of 2D and 3D plans to help you visualise our ideas and make informed choices

WE DELIVER & INSTALL ACCORDING TO YOUR NEEDS

Full range of furniture removal, delivery and installation services

12 regional logistics hubs, and teams of professional installers

WE GUARANTEE QUALITY AND OFFER ONGOING SUPPORT

Warranties and certificates for added peace of mind

Ongoing after-sales support for furniture and equipment following installation

2025–2026 trends

Our style recommendations

Our design studio has come up with 7 on-trend colour schemes to help you create a unique, stylish workspace. Each scheme incorporates materials and finishes from our general shade card.

MIX-AND-MATCH SHAPES AND COLOURS

The geometric lines of the ZELIE range will put a contemporary stamp on any workspace.

Made
in France

CONNECT desks, p. 90 - ELIOTT office chairs, p. 234 - CAMILLE lockers, p. 146

The ZELIE seats come in multiple shapes (corner, square, rectangle), with or without wheels, so there are plenty of ways of creating a workspace that's both comfortable and unique.

Strengths

Mix and match

Seats for 1, 2 or 3 people, with or without a backrest

Writing shelf

Easy to move around as required

Connectivity solutions

Optional power sockets and USB ports are available for the link modules

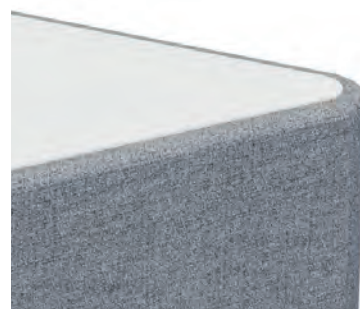

Zooms

Waiting areas

Add corner modules with built-in sockets
so visitors can stay connected while they wait

Anouk

THE PERFECT BLEND OF COMFORT AND MOBILITY

Inspired by the comfort of club chairs, our ANOUK chairs and sofas have a soft, enveloping design. The seats have a steel base, and optional armrests and partitions can be added as required. The clever design makes this a versatile choice for reception areas, quiet zones, dining areas and informal meeting spaces.

To cater for agile workspaces, mobile versions with castors are also available. More than just a seating solution, our ANOUK chairs and sofas shape and structure workspaces with style and elegance.

Strengths

Comfortable

A soft, generous seat with thick armrests for added comfort
Two seat heights available, to suit different uses

Agile

The mobile versions with castors are easy to move around

Sustainable

Armrest core made from recycled cotton from a French eco-responsible supply chain
PEFC wood from sustainably managed forests (seat undersides)

Zooms

Piping trim

Curved lines

Upholstered armrests (option)

Margot

FRENCH-STYLE CHIC

The refined MARGOT range is perfect for any reception area. The distinctive shapes, soft, plush seats and elegantly styled legs work together to create an aesthetically pleasing look.

Made
in France

MARGOT low tables, p. 46 - GRETA storage units, p. 50

The range is stylish and functional at the same time. MARGOT seats are available with built-in power sockets and USB ports, making them ideal for casual working areas as well as for lounges and receptions.

Strengths

Elegant finishes

Piping highlights the outline of the furniture

Connectivity solutions

The chairs and worktops are available with built-in power sockets and USB-A ports

Multi-purpose

Thanks to the range of options (high back versions, partition screens), these seats suit a variety of settings, including quiet work zones, reception areas and lounges, and informal meeting spaces

Conect

THE PERFECT DESK FOR SHARED WORKSPACES

Bridge legs base with clean lines and a slightly raised worktop for a more ethereal design... CONECT brings lightness to the workplace.

Made
in France

ELIOTT office chairs, p. 234 - SOLANGE desktop screens, p. 122 - ELISA high tables p. 214 - ZELIE seats and low tables, p. 22/46 - CAMILLE lockers, p. 146

The one-piece structure makes this the perfect desk for shared desks, and the starter/add-on system allows any number of CONECT desks to be joined together as required.

Strengths

Timeless design

One-piece bridge legs with rectangular section (60 x 30 mm)

Clean lines

Raised worktop to create a light, airy feel

Cable management

Cable ports, scalloped edge, or top-access module

2 types of bridge legs

Fixed-height

H. 73.5 cm

Height-adjustable

H. 62 to 86 cm

Option

Clip-on cable casing

Allows cables to be routed down the leg

ELIOTT office chairs, p. 234 - SOLANGE desktop and free-standing screens, p. 122 - ZELIE seats and low tables, p. 22/46 - JAMES easy-reach storage units, p. 140 - NEO floor lamps, p. 272 - CL02 lamp, p. 272

GABIN office chairs, p. 232 - SOLANGE desktop screens, p. 122

Configuration ideas

Work

Maximise the work surface by placing a structural pedestal below the return

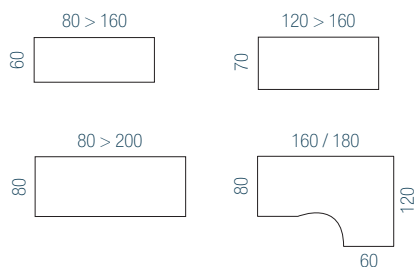

Storage

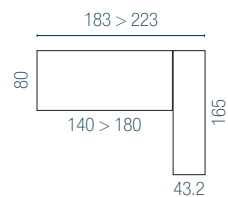

Positioned on the right or left, in a single-access or dual-access version, the easy-reach storage unit provides both storage and a return surface

Overview

FLEXIBILITY FOR AGILE WORKSPACES

The ARIAL tables are all about versatility, with different heights and depths to suit various meeting/training scenarios. Some models can also be fitted with castors.

Made
in France

GELATI stool, p. 256 - OSCAR 2 office chairs, p. 228 - ZELJE seats and low tables, p. 22/46 - MARTIN mobile multimedia wall, p. 192 - SOLANGE desktop and free standing screens, p. 122 - AVA lamp, p. 272

The castor-mounted versions provide even more flexibility, allowing users to quickly re-organise a room for different activities.

Strengths

Different heights

H. 73.5 cm or 104.5 cm
(all tables)

H. 90 cm (D. 80 cm only)

Multiple shapes and sizes

Square or rectangular

Narrow tables

Large capacity meeting tables

Cable management options

Cable ports for direct connectivity or central dual hinged top-access module

User-friendly & stable

Footrest on high tables for user comfort

Bracing wires for added stability

Choice of legs

Fixed-height bridge legs

Height 73.5, 90 or 104.5 cm

Mobile bridge legs

Height 73.5 or 104.5 cm

Zoom

Clip-on magnetic casing

For vertical cable routing

LOUIS chairs, p. 244 - CHATBOX acoustic pods, p. 198 - CAMILLE lockers, p. 146 - AVA lamp, p. 272

Configuration ideas

Work

Take a moment to read a report or correct a document

Relax

Choice of 2 heights for the table D. 80 cm:
H. 73.5 or 104.5 cm

LEON office chairs, p. 230 - SOLANGE free-standing screens, p. 122

Configuration ideas

Mobile versions for day-long flexibility

Concentrate

Each member of the team has their own quiet workspace. The SOLANGE screens provide privacy so that everyone can concentrate.

Meeting

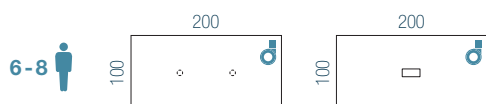

Mobile tables make it easy to transform a space for different activities. The MARTIN mobile multimedia unit allows the team to check in with colleagues who are working from home.

Martin

A USEFUL ADDITION TO ANY AGILE WORKSPACE

Brainstorming sessions, presentations, informal meetings... MARTIN will come in useful in all kinds of office settings. It's a multimedia wall, whiteboard and storage cupboard all in one. Simply turn it around depending on which side you need.

Made
in France

The unit is castor-mounted so it can be moved around easily, and comes with discreet cable management solutions to keep things tidy. A smart solution that can transform any part of an office into an agile workspace.

Strengths

3 models to choose from:

Single- or double-sided, with either a storage cupboard or an open space for foot stools

Mobile

Easy to move around thanks to the four castors (with brakes; all floor types) and sturdy frame

Connected

Includes a bracket for a flatscreen monitor

Cable grommet or power socket in the front panel

Magnetic whiteboard

Dry-wipe surface, with magnetic strip at the top

Zooms

Discreet cable management

Perforation on each side with adjacent cable reel (double-sided model only)

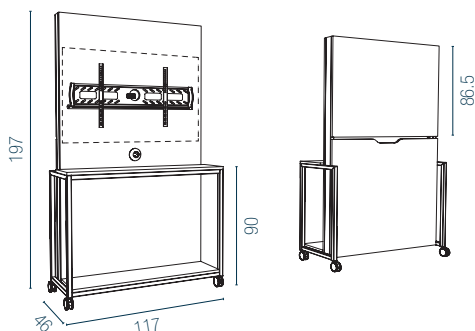

Removable panel for cable access

Overview

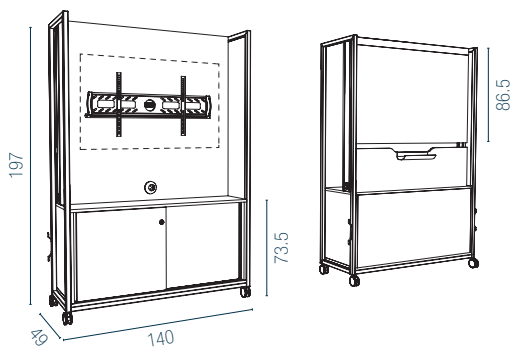

Single-sided unit

Multimedia wall with shelves

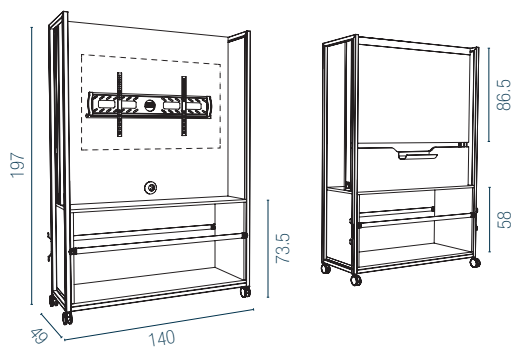

Double-sided unit

With lockable storage cupboard

Front: multimedia wall + storage compartment
(2 sliding doors)
Back: whiteboard

Chatbox

PRIVACY, QUIET & COMFORT FOR BUSY WORKSPACES

The CHATBOX acoustic pods are an alternative to conventional meeting rooms. Their small footprint means they can easily be installed in shared workspaces to give employees a quiet, private space to get some work done, chat with a colleague, or make phone calls. The innovative concept optimises shared workspaces in a way that boosts both productivity and employee well-being.

Strengths

Connectivity solutions

Built-in power socket and USB-A and USB-C ports

LED lighting

Controlled by a presence detector

Stylish

Black or white metal external side panels (attached with magnets)

Effective, silent ventilation

Continuous fresh air supply

Reversible door

Hinges on right or left
(to be decided upon installation)
Magnetic closing system

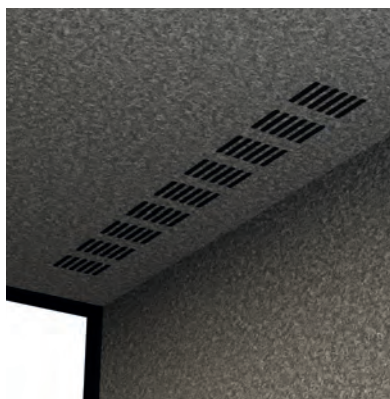

Mobile version

The optional mobility kit makes it easy to move pods around the office without dismantling them

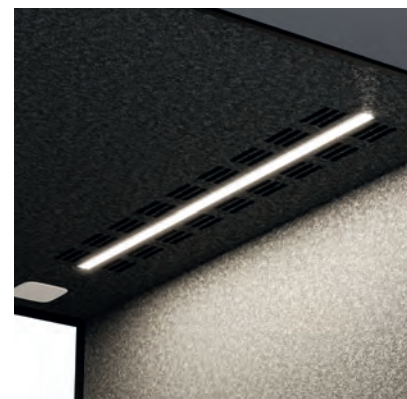

Integrated electrical supply

Power socket + USB-A and USB-C ports

Integrated ventilation

Discreet and silent

Flip-top tables

ROMY chairs, p. 256 -
MARTIN mobile multimedia wall, p. 192-

MODULAR AND CLEVER

Flip-top tables are perfect for training spaces and meeting rooms as they're quick to set up and rearrange. They can be used individually or linked together, and the flip-top design allows them to be nested horizontally to optimise storage space. Available with or without openings for top-access modules to suit different uses.

Made
in France

Strengths

Multi-purpose

Suitable for training areas and meeting rooms

Flexible, modular system

Simple, rapid system so furniture can be rearranged easily
Different worktop shapes available: rectangular, half-moon, oval, rectangular with 90° rounded corner

Mobile

4 black castors with brakes (suitable for all floor types)

Zooms

Fast, safe mechanism

Release bar under the table top for storing tables

Optimised storage

With their tops tilted, the tables can be nested for storage

Quick and easy tool-free assembly

Linking kit included, secured by knurled knobs

ROMY chairs, p. 256 - SOLANGE free-standing screens , p. 122-

Options

Power management

Opening for a soft-closing one-way top-access module

30 cm cable trough below the top-access module to hold a socket feed

Fabric modesty panel

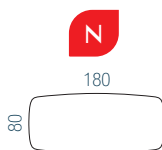

Folds below the work surface when the table is folded

Overview

EASY TO USE, EASY TO MOVE, EASY TO STORE

The EMI range was created with agile, dynamic workspaces in mind. Thanks to the clever design, a room can be rearranged in a matter of seconds. Both the fixed and the mobile versions are easy to move around thanks to their lightweight structure, and the tables and chairs can be quickly folded up and stored when they are no longer needed. To optimise storage space, up to 20 EMI chairs can be stacked together, either horizontally or vertically.

Romy

MODERN AND ECO-FRIENDLY

The ROMY chairs are available in several colours and feature an innovative modular locking design that allows for tool-free assembly. Because there are no screws, the chairs are easy to dismantle and recycle too. Optional castors, armrests and writing shelves make for lots of customisation possibilities, and the seat and backrest have been designed to provide instant comfort.

Line

LUCIE table, p. 218

MODERN BISTROT CHIC

LINE is an updated take on 1920s bistrot seating. One-piece polypropylene shells replace the traditional wooden structure to create a modern, weather-resistant chair. The comfortable, practical chairs can be used both indoors and outdoors, lending vintage charm to any break-out or eating areas.

3-in-1 mount

For worktops of thickness 10 to 50 mm
Clamp mount (clamp depth 25 mm)

Fixing clamp (D. 65 mm)

For worktops of thickness 13 to 25 mm
Suitable for use with SOLANGE desktop screens (p. 122)

Both 1-screen and
2-screen mounts are
available

All our flatscreen monitor arms comply with the VESA 75 or 100 mm standards

Power management

WHAT MAKES A GOOD POWER MANAGEMENT SOLUTION?

Power management is a key consideration when it comes to creating a pleasant, practical workspace for employees. The best solutions are those that are easily accessible, yet discreet and compact at the same time. Users need to be able to plug in their smartphone, tablet, laptop and more. We have a range of solutions to meet different requirements.

Economical solutions

Choose a plain cable port to keep cables tidy, or a trailing socket to place in a cable trough. Cable trough outlets can be accessed via a top-access module, scalloped worktop edge, or sliding worktop.

Plain cable ports

Trailing socket outlets

With high-power PC socket, and choice of hardware ports: USB-A or USB-C, RJ45 or HDMI

Power cables

2 or 3 metres

For hot-desking scenarios and flexi-spaces

Quick, direct access to power sockets and hardware ports.

Socket ports

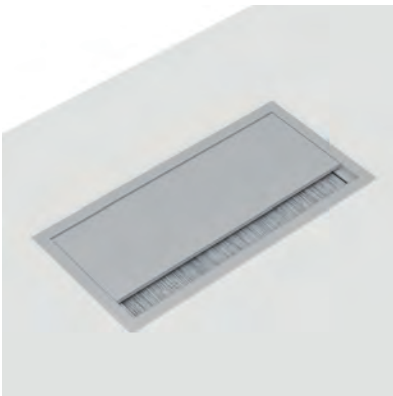

With or without a sliding cover

Different connections depending on model: high-power PC socket, USB-A or USB-C, RJ45 or HDMI

Table-top power solutions

Worktop-mounted socket outlet, or table-top socket cube

Soft-closing top-access modules

One-way and dual-hinged models available

With or without a socket feed

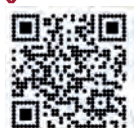

Choice of hardware ports: USB-A or USB-C, RJ45 or HDMI

Cable management

KEEPING CABLES TIDY

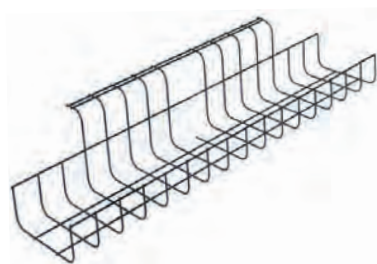

Having a well-organised workspace boosts employees' concentration and well-being, so keeping cables tidy is a must! We have solutions for all kinds of desk set-up, including single- and twin-compartment cable troughs and vertical channels and housings.

Organise cables underneath desks

Our cable troughs and routing brackets can be installed under individual and shared desks.

^
Metal cable troughs
Single- or twin-compartment

^
Wireframe cable trough

^
Cable routing brackets
Set of 2

Conceal vertically routed cables

Our vertical cable management range includes a magnetic housing that fits onto a desk leg, plus two types of flexible channel.

^
Metal cable housing
Magnetic; fits onto a desk leg

^
Extendable vertical cable channel
Compatible with fixed and height-adjustable desks

^
Zipped cable sheath
2 lengths available 75 or 150 cm

Add a modesty panel

Optional modesty panels can be added to desks to provide extra privacy for the user. Available in metal, fabric or melamine, the panels attach to the underside of the desk using inserts or wood screws.

^
Metal modesty panels

^
Fabric modesty panels
Metal plate for additional rigidity
