Unit/structure:

Pre-assembled melamine unit comprising 4/6/9/12 locker compartments
Materials: Particle board panels covered on both sides with melamine overlay
Density: 620 to 690 kg/m3
Thickness: 19 mm
Stabiliser feet: Ø 48 mm, adjustable through 15 mm

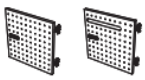
Compartments:
> Single compartment dimensions: W. 374 x H. 349 x D. 390 mm. Double compartment dimensions: W. 374 x H. 715 x D. 390 mm.
> Melamine shelves (19 mm thick). Maximum load per shelf: 20 kg.
> Single compartment: Fits a motorcycle helmet or a 17-inch laptop.
> Double compartment: Fits a cabin-sized suitcase. A shelf can be fitted to split the compartment in half (see options).

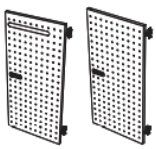
Shelves:
> Supplied loose; to be fitted according to configuration (single/double compartments)

Unit back panel:
> Perforated back panel to provide ventilation for each compartment
> 5 holes per compartment, in a cross shape - spacing 32 mm - hole diameter 5 mm

DOORS

METAL DOORS





Materials: Sheet steel with lacquered epoxy finish
Thickness: 1 mm
Format: Single door (H. 344 / W. 369) or double door (H. 712 / W. 369)
Finish: Dot pattern, with or without mail slot (dimensions 20 x 262.5 mm, so mail can be posted without opening the door)
Opening/closing:
> Hinges on right-hand side
> Soft-closing hinges
> Door opening angle: 107° (allows adjacent door to be opened simultaneously)
> End-of-travel stop to be fitted

MELAMINE DOORS

Materials: Particle board panels covered with melamine overlay
Density: 620 to 690 kg/m3
Thickness: 19 mm
Format: Single door (H. 344 / W. 369) or double door (H. 712 / W. 369)
/!\For the 2 compartment version (= double door), the partition shelf must be removed during assembly so that the large door can be fitted. If you wish to divide the space in 2 on the inside, a new shelf is required (sold as an option)
Decor : Melamine - please refer to the CAMILLE melamine colour chart
Finish: Melamine - see CAMILLE melamine shade card
Opening/closing:
> Hinges on right-hand side
> End-of-travel stop to be fitted - Soft-closing hinges.
> Door opening angle:
107° (allows adjacent door to be opened simultaneously)
> Version with mail slot: Door is shorter by 29 mm, so that mail can be posted through the top of the door.

LOCKS	**Combination lock (available for all doors)**: **Materials:** Shell and front casing made from polymer. **Type:** Horizontal with cam - 4-digit code - Closing at 90° rotation - Ergonomic knob. **Set-up and operation**: Colour indicators: open (green), closed (red), change code (blue). 2 operating modes: private or public (factory setting). Configuration is done with the door open. The device for switching from public to private (or vice versa) is on the rear part of the lock. ADDITIONAL INSTRUCTIONS

PERSONAL CODE SETTING

Several people can use the same locker in turn, with a code set by each user. The last user must leave the lock open so that the next user can set a new code.

IMPORTANT: The factory setting is public mode. To switch to use in private mode, follow the instructions in the paragraph. The code must be set at door open.

USE IN PUBLIC MODE

Position the arrow of the selector on “CHANGE”

Set your personal code (example: 2017)

Position the arrow of the selector on “CLOSE”

Hide the code by turning the 4 digits to a different combination

THE DOOR IS CLOSED, YOU DON’T KNOW THE CODE, HERE IS HOW TO OPEN IT:

1. Insert the key (pass) and make a 1/2 turn to the right
2. turn each number until it locks
3. turn the key 1/2 turn to the left
4. remove the key
5. turn the knob and open the door.

PRIVATE CODE SETTING

Only 1 person has access to a locker thanks to a personal code set up by himself.

IMPORTANT: the personal code must be set at door open.

USE IN PRIVATE MODE

Position the arrow of the selector on “OPEN”

Position the back cursor on the position “3. CODE RESET”

Position the selector arrow on “CHANGE” and set your personal code (example: 2017)

Position the arrow of the selector on “CLOSE”

Position the back cursor on the position “1.PERSONAL”

Position the arrow of the selector on “OPEN”

If you wish to set a new code, repeat the same operation.
