GRETA - Bench

PROPERTIES	
GENERAL	Melamine-covered particle boards, thickness 25 mm or 19 mm. 2 faces treated with anti-reflective hue Density of panels 650kg/m3 Flat edges with ABS stuck on thickness 2mm, chamfered top and bottom. Edges matched to the worktop hue Boards originating from sustainably-managed forests (PEFC). Fire classification M3 (average flammable combustible) in accordance with standard NF EN 13501-1 Boards certified E1 (control of formaldehyde emissions) with 6.5mg HCNO/ 100 mg and compliant with standard NF EN 717-2.
WORKTOPS AND UPPER SHELVES	Melamine boards 25 mm thick Worktops with scalloped edges (D 225 mm) for positioning screens (up to 21 inches). Not available on H. 950 mm worktops. Screen support shelf of white melamine positioned under the main work surface (useful height: 470 mm), predrilled for 2 cable ports ø 80 mm. Reception shelf can be positioned on the left or right side. STK finish: light oak RI - Other finishes available on request.
LEGS	Melamine boards thickness 19 mm. End leg D. 630 mm, covered in a side panel D. 800 mm to close a configuration Middle leg D. 490 mm to facilitate circulation between 2 modules, drilled for passing cables. Legs fitted with adjustment stabilisers (travel 15 mm) STK finish: snow white
SIDE PANELS	Melamine boards thickness 19 mm. Is fastened by insert onto left and right end feet. For independent modules, 2 asymmetric side panels: one long (H: 1128 mm) and one short (H: 866 mm) to be positioned on the left or right as chosen For left or right end modules, only the long side panel (H: 1128 mm) Finishes: coordinated with the worktop
DECORATIVE FRONT PANEL	Melamine boards thickness 19 mm. STK finish: snow white

PROPERTIES

OPTIONS

| Decorative front panel	Melamine boards thickness 19 mm. W.645 x H 841 mm > Is fastened under the reception shelf by interlocking > Fitted with a bag carrying shelf (W485xD135 mm) positionable on the left or right of the decorative front panel. > Finishes: see shade card for worktops - bag carrying shelf
LED Kit	LED kit to be positioned behind the reception panel (fastening on both sides) There is a UK and CH version with adaptor **White LED kit:** > White light > Switch on user side **Colour LED kit:** > Colour lights are either fixed or changing > Operates with remote control

GRETA - Storage Units

Video : How to order https://youtu.be/-mcvfqfOwtY

PROPERTIES

GENERAL	**Unit Supplied Assembled** Melamine-covered particle boards, thickness 25 mm or 19 mm. 2 faces treated with anti-reflective hue Density of panels 650 kg/m3 Flat edges with ABS stuck on thickness 2mm, chamfered top and bottom. Edges matched to the worktop hue Boards originating from sustainably-managed forests (PEFC). Fire classification M3 (average flammable combustible) in accordance with standard NF EN 13501-1 Boards certified E1 (control of formaldehyde emissions) with 6.5mg HCNO/ 100 mg and compliant with standard NF EN 717-2. Melamine boards (except for Brunswick oak hue R3 and coffee oak M9) compliant with standard ISO22196 which give them anti-bacterial properties.

CABINETS

SIDE BACK BASE	Melamine boards thickness 19 mm Base and back scalloped edge to allow passing of cables Base fitted with stabilisers screwed into inserts (Adjustment travel 15mm) Median vertical separation fixed at W1200. Supplied with 1, 2 or 3 shelves W600 D400. Space at the back of the unit to allow passing of cables. Uniformly distributed useful space: 50 kg STK finish: snow white MG
SLIDING DOORS	Melamine boards thickness 19 mm Rail: ABS rail with roller. End of travel stop + 2 plastic (low noise) stops Lock: Cylinder lock with 2 keys (of which 1 folding). Closure on the left side part or the middle partition. Handle: Handled profiled in wired metal over the entire left height of the door. STK finish: light oak RI - Other finishes available on request.
FINISH TOP	Melamine boards thickness 25 mm Pre-drilled boards for 2 cable ports ø 80 mm STK finish: light oak RI - Other finishes available on request.
